

File G 2026- Jefferson County 30.38 Acres

The Department acquired this parcel for \$2,700 in 1966. It is a part of the Scattered Wildlife project and is located in the Town of Farmington in Jefferson County. The parcel was part of three parcels purchased to retain habitat conservation in a heavily farmed area for wildlife use.

The parcel is accessible to the public through CTH P and provides access to the larger Department owned wildlife area. An agricultural drainage ditch runs through the parcel with 1000 feet of frontage. There is high public use on the parcel in fall for deer hunting.

The Department has made investments on the parcel that include a parking area and property boundary posting work.

The Department recommends retaining this parcel.
