

Parent File WM 60201/Sale File WM 60414 – Dane County 0.13 Acres

The Department acquired this easement parcel for \$500 in 2013. A survey of the access easement to the north found that the property line did not intersect the town road. Acquisition of this easement made the connection. The parcel is a part of the Extensive Wildlife Habitat Statewide project and is located in the Town of Pleasant Springs in Dane County.

Except for sign posting, the Department has not made substantial investments in infrastructure or habitat improvements on the parcel.

This easement parcel provides public access from Koshkonong Road to other Department parcels to the north. The parcels to the north are being proposed for sale.

The Department recommends that the Natural Resources Board offer this land for sale under the authority granted by s. 23.145 Wis. Stats.
