Special Conditions

1. **LUMP SUM SALE:** 50% of the total lump sum bid value must be paid prior to cutting. The remaining 50% will be due when the administering forester determines 50% of the area has been harvested. All unmarked or undesignated operational trees require approval before cutting. All operational or damaged trees will be decked for scaling and will be billed in addition to the original sale amount at the stumpage rate which was bid. Any trees cut without prior approval will subject the contractor to penalties and fines. **While every effort was made to accurately cruise this timber sale, the above volume estimate will likely vary from the amount actually harvested. The bidder is responsible for cruising the sale area and placing a bid based upon what they determine is their estimate of the volume present. Cruise data for this sale is available upon request.**
2. Slash adjacent to the snowmobile trail must be lopped and/or scattered to lie within two feet of the ground and pulled back at least 10 feet behind the tree line concurrently with cutting.
3. Biomass Harvesting is not allowed. Do not cut, knock down, or utilize dead trees unless the tree poses a safety hazard during harvesting operations.
4. All pine products cut between May 1 and September 1 must be removed from the sale area within three weeks from time of cutting. Pine products cut during the remainder of the year must be removed prior to May 1 of each year.
5. Do not operate equipment within 15 feet of wetlands unless during frozen ground conditions.
